

Credential Environmental Ltd is committed to the development and implementation of its Environmental Policy throughout its business activities.

We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

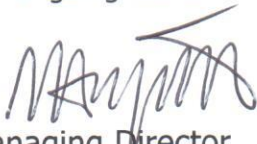

Our Policy is to:

- Ensure that all elements of the environment affected by the Company's activities undergo the minimum amount of interference and in any event, do not suffer any material or lasting damage.
- Protect and enhance the environment of people in the vicinity of the Company's activities.
- Minimise our waste and then reuse or recycle as much of it as possible.
- Minimise energy and water use within our buildings and processes in order to conserve supplies and minimise the consumption of natural resources.
- Operate to standards higher than those required by Law, Regulations and professional Codes of Practice; and thus go beyond minimum legal requirements.
- Assess the environmental impact of any new processes we intend to introduce in advance.
- Operate and maintain company vehicles with due regard to environmental issues as far as reasonably practicable.
- Ensure that all employees understand our environmental policy and conform to the high standards it requires.
- Ensure that staff are trained to raise awareness of environmental issues and enlist their support in improving the Company's performance
- Ensure that this policy is subject to regular reviews to take into account new legislation and working practices.

In order to ensure that environmental matters are constantly under review, items will be on the agenda of monthly management meetings.

The Credential Environmental Policy was approved by the Directors supported by the employees and is monitored on an ongoing basis.
